

# WORLD UNION OF KARATE DO FEDERATIONS

## 1<sup>st</sup> EUROPEAN CHAMPIONSHIP FOR CHILDREN, CADETS AND JUNIORS

Dear WUKF European Members,

Romanian Karate Federation is trying to organize a marvelous event in Constanta, where all the children, trainers, referees, parents, grandparents and all that want to visit the Romanian Seaside are welcomed.

This is why we tried to find the best period for all, because of the different start of the school period in European countries. We were opened to all the proposals and we explained that for us 3-6 of September will be the best, the school in Romania beginning on 15<sup>th</sup> of September. This will assure for us many cheap but good accommodations and ... a holiday atmosphere all over.

But the real reason was that in beginning of September usually is the best period for Seaside, not so hot, not cold, the perfect temperature for competition but also for sunbath, swimming and visit in a touristic city like Constanta.

Also we are trying to organize 3-4 days of referee seminar that you can't forget, serious lectures and practice but also lot of attractions, visits, wine celery visit, wine tasting and Team building activities...because I promised you **WE SHALL HAVE A TEAM OF REFEREES IN WUKF ...** a real one. And don't forget...Sever Cucu is an expert of Marketing, so he understands what Team Building is.

Analyzing the responses that we received the opinions are divided between the first week and second week of September, only two opinion indicate the month of October. Lightly the first week of September is preferred so we decided to keep our first preference: the first week of September.

We shall prepare till the end of February all important information about Constanta, travel advices, accommodation (for all the pockets) touristic proposals and a program that will be very hard to refuse.

For the federations that this period is not so good I recommend to make an effort and come in Constanta at least with a small team (2-3 competitors) this way the federation name will be part of event and the national flag will be in the Sport Hall of Constanta.

We shall invite in Odessa 40 referees for participate at the Referee Seminar free of any costs, so everything will be paid by Romanian federation. These referees will be selected by the Referee Commission after Odessa on the base of their performance.

I hope that all will enjoy coming in Constanta, we promise a wonderful time that you will never forget.

Prof.Dr. Liviu Crisan  
WUKF General Secretary  
President of Romanian Karate Federation
