This will minimize the waiting time to the registration room.

We do recommend to all the countries that will need visa for coming to Poland to register their competitors into the on-line registration system and attached the printed registration file to the application for visa. This will increase the chances of success of obtaining the visa in time.

The ID cards will be provided by "I'M FAMOUS" photo company that will come this time with more working stations for better efficiency. These superb ID cards will remain you as a nice memory of your participation in Poland. The federations that will have not enough time to do the photo session could ask at the registration room to receive the ID cards in simple format printed on the spot.

The children (6 to 12 years old) that will compete in Kumite categories will have to wear helmets and chest protectors according to the WUKF rules. We recommend to use the own protectors (a sport materials stand will be available at the sport hall) but the organizers will provide these equipments at the tatami.

Please check the modifications of the category 13-14 years old, now named MINI-CADETS. This age group has new categories being a passing to the cadet group.

The detailed program of the competition is informative, please come to the sport hall in time.

On the first day we shall work on 11 tatamies and all the age groups programmed on Friday will start simultaneously. On Saturday 8 tatamies will be used and the finals will be on 4 tatamies.

Please bring with you at least one flag of your country labelled with the name of your country and leave it at the reception room.

The coaches that will not attend the SPECIAL SEMINAR (3 hours on Thursday from 9:00 – 12:00), will not be allowed to enter into the competition area.

The maximum number of coaches that a federation could register is 1/10 from the total number of competitors registered by the federation (example: 23 competitors registered – maximum 3 coaches).
